Gentlemen.

I don't often write to voice my opinion, I guess that I'm just part of the so called "silent majority." But in this case, I'm very happy to report that you, my government did the right thing by settling the Microsoft case. It's not often that I can say this with conviction. Now we can all go back to doing more important things, like finding Osoma Bin Laden and finding what really happened with the "Rich" payoff to President Clinton.

Sincerely,
